

PORTABLE XRF ANALYZER PEDX SERIES

"Mobile laboratory" can be used for highly sensitive, non-destructive elemental analysis of uneven samples, irregular samples and even small samples.

Portable XRF Analyzer PeDX Series is a state of the art portable X-ray fluorescence (XRF) analyzer tailored to meet your analysis needs. PeDX offers portability, rapid analysis, stability, and high accuracy.

Whether you're in waste recycling, environmental assessment, consumer product safety, or the petrochemical industry, PeDX provides essential insights for product trade, processing, quality testing, safety audits, and recycling. Experience the convenience and efficiency of PeDX for comprehensive oil analysis and more.

4.1KG

Portable, easy to operate, good for laboratory/field research

8H

A single battery can work for about 8 hours

5.7Inches

Containable color touch screen display
